- 1 Product.** I'm the one who talks to and understand customers, plan and iterate the build, and work with designers and developers to create the product. I'm good with both the user interface and experience designs, and can write front-end code to make the designs functional.
- 2 Brand Marketing.** My adjacent expertise is building a brand and orchestrating the long-tail marketing aspects of the brand's online presence.
- 3 Chief of Staff.** I've never officially had this title, but I have often performed the operational role of helping upscaling companies. I'm confident that I can excel in this effortlessly.
